The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness and compliance with administrative and legal processes.
