<b>Conditions if applicable</b>	Not applicable
---------------------------------	----------------

### Description of service

Naionra Siamsa was originally established in 1990 as a privately run childcare service for children aged 2 to 6 years and is now run by Lisa Mullarkey and Sandra Keane registered providers.

The service provides sessional childcare and education to children from 09.15am to 12.15pm Monday to Friday. Learning is facilitated through an emergent interest, play based approach in the service delivered through the medium of the Irish language.

The service is located in a GAA complex facility on the outskirts of Kilcock. Parking is available. The service consists of a large open plan room on the first floor of the GAA complex. The service can access the use of an outdoor secure football playing pitch and the large indoor hall when the weather does not allow outdoor play.

### Staffing

The registered providers work directly with the children. The adults working in the service have completed a major award in Early Childhood Care and Education as per the National Framework of Qualifications.

### Methodology

Tusla's Early Years Inspectorate is the independent statutory regulator of early years services in Ireland. The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

This inspection was unannounced and focused on the area of governance and safety. The inspection may also focus on other areas as required.

A sampling process was used to assess compliance under Regulation 15 – Records of a pre-school child.

Inspection findings are documented in the inspection report which is first issued in draft format to the service with an opportunity to respond to any findings.

Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have rectified the non-compliance and will prevent any non-compliance from re-occurring. The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness and compliance with administrative and legal processes.

The contents of the report are compiled by the inspectorate body.

### Acknowledgments

The inspector wishes to acknowledge the cooperation of the registered providers and children who were present on the day of the inspection.
