Conditions if applicable	Not applicable
---------------------------------	----------------

Description of service

This private sessional service was established in 2003. It operates a morning session from 09:00 – 12:00 hours Monday – Friday for 38 weeks a year. It is operated from a two-storey building in an urban setting and the children have access to 3 pre-school rooms, sanitary accommodation areas and facilities for outside play.

Staffing

The registered provider and five additional staff work in the service each day and all staff have childcare qualifications that range from QQI Level 5 – Level 6.

Methodology

Tusla's Early Years Inspectorate is the independent statutory regulator of early years services in Ireland. The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

This inspection was unannounced and focused on the area of governance, health, welfare and development of child and safety. The inspection may also focus on other areas as required.

The inspection focused on an examination of compliance under regulations 9,11,15,19,24,25,26 and 28.

Inspection findings are documented in the inspection report which is first issued in draft format to the service with an opportunity to respond to any findings. Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have rectified the non-compliance and will prevent any non-compliance from re occurring.

The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness and compliance with administrative and legal processes.

The contents of the report are compiled by the inspectorate body.

Acknowledgments

The inspector wishes to acknowledge the cooperation of the registered provider, staff and children who were present on the day of the inspection.

Compliance Information

(1)(a) BASIC NEEDS

Parents provided snacks for the children who attended in line with the healthy eating policy of the service, these included fruit, sandwiches, crackers and yogurts. There was a fridge available for the storage of perishable foods and drinks prior to their consumption.

All children were toilet trained and toileted independently with assistance given where it was required.

Children were observed to wash their hands at appropriate times during the sessions such as after toileting and before eating. Hand washing took place using hot water, liquid soap and paper towels.

The children could rest as desired throughout the morning and afternoon on the child sized couch in the library area. The children enjoyed freedom of movement within the room. Children were supported and encouraged to behave appropriately for their age and stage of development through having simple rules to follow and a wide level of choice of activities. The adult modelled positive behaviour for the children and they were praised for their good behaviour.

Staff were observed to be kind, caring, calm in all her interactions with the children and used positive language.

Parents were made welcome in the service at collection times during which they had the opportunity to share information about their child and their day. The children were observed to put on their coats independently when they were going home. The curriculum was based on children's emergent interests as detailed on the wall posters.

Children were observed to work in small groups at different activities on floor mats on the floor or alternatively doing tabletop activities.

PHYSICAL AND MATERIAL ENVIRONMENT

This sessional service was operated from a domestic dwelling in an urban area. The children had access to three rooms, sanitary accommodation areas and an outdoor play area. The rooms were well resourced with a wide range of equipment, including real items, natural and sensory material and library areas. Materials were rotated according to the learning needs of children in the group. Circle time involved staff reading stories to the children and they listened and questioned the staff in relation to the story read. Dress up clothes were available which supported children's sense of imagination. Sensory play was facilitated outdoors where there was two sand boxes and water tables available for messy play activities.

All children played outdoors on the day of the inspection and it is the policy of the service to allow children play outside in the fresh air as much as possible every day that they attend the service.
