## Description of service

Pullough Community Pre-School is a not-for-profit sessional service which is operated from a portion of the community hall in the village of Pullough in rural Co. Offaly. The service consists of an entrance lobby and cloakroom, one playroom and two sanitary accommodations, and wash hand basins and an activity room which can be used for physical exercise and play in the event of bad weather. The preschool premise is used for the sole purpose of operating an early years' service, and access is restricted from the main community hall. A secure outdoor play area is provided to the back of the building which can be accessed from the playroom. This sessional service provides an Early Childhood Care and Education programme to children aged from 2 to 6 years. The service is registered to operate from 09:30am-12:30pm. The service operates from Monday to Friday and has been in operation since 1999. The service can accommodate up to 22 children.

## Staffing

The registered provider was part of the staff compliment and was present during the inspection in addition to two other staff members. All staff members hold a major award in Early Childhood Care and Education at Levels 5 and 6 on the National Framework of Qualifications.

## Methodology

Tusla's Early Years Inspectorate is the independent statutory regulator of early years services in Ireland. The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

This inspection was unannounced and focused on the area of governance, health, welfare, and development of child, safety on premises and facilities. The inspection may also focus on other areas as required.

The scope of the inspection included the playroom, sanitary accommodations, and the outdoor play area.

Inspection findings are documented in the inspection report which is first issued in draft format to the service with an opportunity to respond to any findings. Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have rectified the non-compliance and will prevent any non-compliance from re-occurring.

The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness, and compliance with administrative and legal processes.

The contents of the report are compiled by the inspectorate body.

### Acknowledgments

The inspector wishes to acknowledge the cooperation of the person in charge, staff and children who were present on the day of the inspection.

#### Compliance Information

##### Basic Needs

Children brought in their own lunch time snacks from home in line with the healthy eating policy of the service. A combination of outdoor and indoor activities was observed during the inspection. Outdoor wear and boots were available for children and all the children availed of fresh air and sunlight in the outdoor play area while being supervised by the adults. Some made use of the potting area and others played on the timber outdoor equipment including the big train, hut, tractor, and the tunnel. Appreciation of nature was encouraged, and an eco-friendly approach was noted in the practice of recycling and the provision of a bug hotel for insects in the outdoor play area. Spring planting had begun in the potting beds and last year's selection of strawberries, herbs and the three apple trees were being prepared for the next crop.

##### Supporting Relationships

Children were encouraged to be independent and self-caring in keeping with their own stage of development. The children were given lots of positive encouragement through the session. Children that required additional support were given additional help. It was observed that when one child became upset a staff member offered comfort and knelt down to the child's level and spoke gently to the child. Childrens colourful artwork was on display and the topic of transport and safety had been incorporated into the sessions all week, which was reflected in the choice of book made be the children was a story about a big lorry.
