Description of service

Jellybeans is a sessional service that operates in a residential semi-detached house which has been adapted for use as a playschool. There were 13 children present on the day of inspection. The service is registered to cater for a maximum of 33 children, aged between two and six years from 09:30 to 12:30 daily.

The service comprises of two playrooms, a kitchen and two sanitary areas. An outdoor area available to the children at the rear of the building.

Staffing

There are four adults employed who work directly with the children which includes the registered provider.

Methodology

Tusla's Early Years Inspectorate is the independent statutory regulator of early years services in Ireland. The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

This inspection was unannounced and focused on the area of governance, health, welfare and development of child and safety. The inspection may also focus on other areas as required.

Inspection findings are documented in the inspection report which is first issued in draft format to the service with an opportunity to respond to any findings. Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have rectified the non-compliance and will prevent any non-

compliance from re occurring. The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness and compliance with administrative and legal processes.

The contents of the report are compiled by the inspectorate body.

Acknowledgments

The inspector wishes to acknowledge the cooperation of the registered provider, staff and children who were present on the day of the inspection.

Part III – Management and Staff

Regulation 9 – Management and recruitment

(2) A registered provider shall ensure that each employee, unpaid worker and contractor is suitable and competent taking into consideration the nature of the needs of children, including by-

(a) consideration of references from the person’s past employers, if any, and in particular the most recent employer, if any,

(b) consideration of references from reputable sources in the case of a person who has no past employers,

(c) consideration of the vetting disclosure received from the National Vetting Bureau of the Garda Síochána in accordance with the Act of 2012 in respect of the person, and

(d) ensuring, insofar as is practicable, that where a person has lived in a state other than the State for a period of longer than 6 consecutive months, he or she provides police vetting from the police authorities in that state.

(4) A registered provider shall ensure that, without prejudice to the generality of paragraph (2) and subject to paragraphs (5) and (6), each employee working directly with children attending the service holds at least a major award in Early childhood Care and Education at Level 5 on the National Qualifications Framework or a qualification deemed by the Minister to be equivalent.

Compliance Information

(2) Files for four adults were reviewed.

(a)(b) Eight written and validated references were available for four adults.

(c) Garda vetting disclosures had been obtained for four adults. The service also demonstrated compliance with the Early Years Inspectorate Regulatory Notice requiring services to renew Garda vetting every three years.

(d) Police vetting was available for one adult who had been employed outside the state for a period of more than six months as an adult.

(4) The four adults employed held major awards in Early Childhood Care and Education at National Framework for Qualifications.

Part III – Management and Staff

Regulation 11 - Staffing levels

- (1) Subject to this Regulation, a registered provider shall ensure that there is at all times an adequate number of adults working directly with the children attending the pre-school service.*
- (3) Subject to paragraph (5), a registered provider of a sessional pre-school service shall ensure that at all times the minimum ratio of adults to children specified in column (3) of Part 2 of Schedule 6 opposite a particular reference number specified in column (1) of that Part in respect of the age range of the children specified in column (2) therefore at that reference number is satisfied.*

Compliance Information

- (1) There were four adults present working directly with thirteen pre-school children throughout the period of the inspection.
- (3) The adult/child ratios were maintained throughout the morning.

Part IV – Information and Records

Regulation 15 – Record of pre-school child

- (1) A registered provider of a pre-school service other than a pre-school service in a drop-in centre or a temporary pre-school service shall ensure that a record in writing is kept in respect of each pre-school child attending the service containing the following particulars:*
- (a) the name and date of birth of the child;*
 - (b) the date on which the child first attended the service;*
 - (c) the date on which the child ceased to attend the service;*
 - (d) the name and address of a parent or guardian of the child and a telephone number where that parent or guardian or a relative or friend of the child can be contacted during the hours of operation of the service;*
 - (e) authorisation for the collection of the child;*
 - (f) details of any illness, disability, allergy or special need of the child, together with all the information relevant to the provision of special care or attention;*
 - (g) the name and telephone number of the child's registered medical practitioner;*
 - (h) record of immunisations, if any, received by the child;*
 - (i) written parental consent for appropriate medical treatment of the child in the event of an emergency.*

(3) A record in writing referred to in paragraph (1) or (2) shall be open to inspection on the premises by-
(c) an authorised person.

Compliance Information

(1)(a)-(i)

Twelve files were examined.

The records required in writing in relation to (a)-(i) above was kept for each child. The children's files were located in a secure place in the service.

(3)(c) A record in writing referred to in paragraph (1) (a)-(i) was open to inspection on the premises by the inspector.

Part VI - Safety

Regulation 23 - Safeguarding health, safety and welfare of child

A registered provider shall ensure that all reasonable measures are taken to safeguard the health, safety and welfare of a pre-school child attending the service and that the environment of the service is safe.

Compliance Information

General Safety:

The main entrance gate and the side entrance door were secure. With the exception of point 1 and 2 below, the service met the necessary safety requirements in respect of the indoor and outdoor environment.

Infection Control:

The staff member supervised children's handwashing and handwashing routines were well established. Foot pedal operated bins were provided for the disposal of used tissues and paper towels. Sanitary facilities were equipped with warm water, liquid soap, and paper towels for handwashing. The staff member adhered to the nappy changing procedure while changing a child. Written cleaning schedules were on display for the room environment and sanitary area which were observed to be maintained in a clean and hygienic condition.

Administration of Medication:

Medication was not given at the time of the inspection, written parental consent was available should medication be required to be administered to a child. The staff members were familiar with required safe practice when administering medication in the service.

Non-Compliance Information

General Safety:

1. No temperature-reducing medication was available in the service if it was needed. This could prevent a child receiving this medication in a timely manner if it was needed.
2. The outdoor area at the back of the house was at a higher level than the ground floor of the house and was accessed using three steps located approximately one metre from the back door. A wooden support beam, which supported an outdoor cover, was accessible to the children from a lower wall. The children are permitted and supervised to climb the lower wall, but the access to a support beam provided opportunity for a child to climb to a higher retaining wall and increased the risk of a fall and consequent injury.

Corrective & Preventive Action submitted by the Registered Provider

Corrective & Preventive Action

General Safety:

1. Two bottles of temperature reducing medication has been bought and will be stored safely. One will be accessible for the Big Beans room and the second will be accessible for the Little Beans room. We will keep a written record noting the expiry dates of the medication. We will we also ensure to replace each bottle once expired or if the levels have diminished considerably.
2. We have constructed an extension of plastic panelling to the support beam-ensuring that the wall cannot be accessed by any children whilst safely manoeuvring along the lower wall. We will ensure that the plastic panelling is securely attached to the support beams at all times and we will do weekly checks to ensure that the panelling is secure.

Supporting documentation submitted

General Safety:

1. Receipt for medication.
2. Photographic evidence of the panelling in place.
