Description of service

Naionra Chill Mhantain is a privately operated pre-school which provides care and education to pre-school children through the Irish language. The service operates in an adapted detached bungalow in a residential area in Wicklow town. There are two care rooms with adjoining sanitary accommodation. Both care rooms have direct access to the garden area which is at the rear and side of the house. An office and a small kitchen are also available. The service is registered to care for children aged two to six years and the hours of operation are from 08:50 to 12:20 and 08:40- 13:40. A total of 42 children may avail of part time hours and a total of 36 may attend for sessional hours.

Staffing

There are five staff employed and present on inspection. The registered provider and two area managers arrived at the service at 11:00 and remained in the service until the inspection was completed.

Methodology

Tusla's Early Years Inspectorate is the independent statutory regulator of early years services in Ireland. The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

This inspection was unannounced and focused on the area of governance, health, welfare and development of child and safety. The inspection may also focus on other areas as required.

Inspection findings are documented in the inspection report which is first issued in draft format to the service with an opportunity to respond to any findings. Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have rectified the non-compliance and will prevent any non-compliance from re occurring. The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness and compliance with administrative and legal processes.

The contents of the report are compiled by the inspectorate body.

Acknowledgments

The inspectors wish to acknowledge the cooperation of the registered provider, person in charge, staff and children who were present on the day of the inspection.
