Description of service

Little Rascals Creche first opened in 1986. It is a part-time and sessional service and is operated as a non-profit based childcare service from a single room within a resource centre located in a housing estate in Bray Co. Wicklow. The service is registered to provide care and education for children aged between 0 and six years of age. The service is open Monday to Thursday 09:30 to 17.00 and 09:30 to 13:00 on Friday, this includes a sessional service in the morning and a sessional service in the afternoon. The service can accommodate one drop-in childcare place if required. The service does not run an Early Childhood Care and Education (ECCE) and does not operate a full-time service.

Staffing

There are five staff employed to work in the service including the registered provider. On the day of inspection all staff were present and working directly with the children.

Methodology

Tusla's Early Years Inspectorate is the independent statutory regulator of early years services in Ireland. The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

This inspection was unannounced and focused on the area of governance, health, welfare and development of child, safety and records. The inspection may also focus on other areas as required.

The inspection focused on an examination of compliance under the following regulations:

Regulation 9(1)(a)(b)(2)(3)(4) - Management and recruitment

Regulation 11(1)(2)(8) - Staffing levels

Regulation 15(1) – Record in relation to a pre-school child.

Regulation 16(1)(h)(i)(j)(k) - Record in relation to pre-school service

Regulation 19(1)(a)(b) - Health, welfare and development of child

Regulation 23 - Safeguarding health, safety and welfare of child

Regulation 25 – First Aid

Regulation 26(1)(a)(b) – Fire Safety Measures

Regulation 27 – Supervision

Regulation 28 – Insurance

A sampling process was used to assess compliance under regulation 15(1) – Record of a pre-school child and regulation 16(1) - Record in relation to pre-school service.

Inspection findings are documented in the inspection report which is first issued in draft format to the service with an opportunity to respond to any findings. Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have rectified the non-compliance and will prevent any non-compliance from re occurring. The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness and compliance with administrative and legal processes.

The contents of the report are compiled by the inspectorate body.

Acknowledgments

The inspector wishes to acknowledge the cooperation of the registered provider, staff and children who were present on the day of the inspection.
