Description of service

Smart Cookies Montessori is a privately owned early years service which was established in 2014 by the current registered provider. Care and education are provided to children aged two to six years on a part time and sessional basis, and the programme of care is facilitated through a predominantly Montessori based curriculum which is blended with play. The service is located in a residential area in Dalkey, South County Dublin and is open from 08:30 to 13:00 each weekday. The service operates from two adjoining rooms on the first floor of St Patrick's Hall on the grounds of St Patricks Church in Dalkey. An enclosed outdoor play area is available to the rear of the premises.

Staffing

The service currently employs 4 staff members who work directly with the children in the service, including the registered provider. On the day of inspection, 3 staff members were present including the registered provider.

Methodology

Tusla's Early Years Inspectorate is the independent statutory regulator of early years services in Ireland. The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

This inspection was unannounced and focused on the area of governance/ information and records/ health, welfare and development of child/ safety. The inspection may also focus on other areas as required.

Inspection findings are documented in the inspection report which is first issued in draft format to the service with an opportunity to respond to any findings.

Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have rectified the non-compliance and will prevent any non-compliance from re-occurring. The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness and compliance with administrative and legal processes.

The contents of the report are compiled by the inspectorate body.

Acknowledgments

The inspector wishes to acknowledge the cooperation of the registered provider, staff and children who were present on the day of the inspection.
