Description of service

This service is situated in the village of Rosslare. A sessional service is provided to children aged from 2 to 6 years of age. The service is operated from a designated room in the registered provider's home. The service consists of a preschool room, toilets and a safe secure outdoor play area. The service is open from 09:30 to 13:00 Monday to Friday for 38 weeks per year.

Staffing

The service is operated single handedly by the registered provider. The registered provider has a diploma from the Association Montessori Internationale (AMI). This qualification is higher than the minimum award in Early Childhood Care and Education of Level 5 on the National Qualifications Framework required to work in preschool service.

Methodology

Tusla's Early Years Inspectorate is the independent statutory regulator of early years services in Ireland. The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well-being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety, and well-being of children attending such services is upheld. Inspections of early years services are planned based on the following:

- Previous inspection history
- Any information received in relation to the service

The findings on inspection are based on:

- Information obtained through examination of documentation
- Direct observation
- Discussion with relevant staff

This inspection was unannounced and focused on the area of governance/ health, welfare and development of child/ safety/ premises and facilities. The inspection may also focus on other areas as required.

The inspection focused on an examination of compliance under the following regulations:

Regulation 9 Management and Recruitment (1) (2) (a) (b) (c) (d) (4),

Regulation 11 Staffing levels (1) (3) (8)(c)

Regulation 19 Health, Welfare, and Development of the Child (1) (a),

Regulation 23 Safeguarding Health, Safety, and Welfare of the Child,

Regulation 25 First aid (1) (2) (a) (b),
Regulation 26 Fire Safety (1) (a) (b) (4).
Regulation 28 Insurance.

Inspection findings are documented in the inspection report which is first issued in draft format to the service with an opportunity to respond to any findings. Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have rectified the non-compliance and will prevent any non-compliance from re occurring. The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements an escalation process may be commenced.

The inspectorate reserves the right to edit responses received for reasons including clarity, completeness and compliance with administrative and legal processes.

The contents of the report are compiled by the inspectorate body.

Acknowledgments

The inspector wishes to acknowledge the cooperation of the registered provider, and children who were present on the day of the inspection.

Part V - Care of Child in Pre-school Service

Regulation 19 - Health, welfare and development of child

(1) A registered provider shall, in providing a pre-school service, ensure that-

(a) each child's learning, development and well-being is facilitated within the daily life of the pre-school service through the provision of the appropriate activities, interaction, materials and equipment, having regard to the age and stage of development of the child, and

Compliance Information

(1)(a)

The registered provider had ensured that each child's learning, development, and well-being was facilitated within the daily life of the service. Children were engaged in a variety of appropriate activities during the inspection including eating together and enjoying free play with their friends.

Children were observed enjoying free play in the preschool room on the morning of the inspection. The room was resourced with imaginative open ended play equipment to extend the children's learning and fun. There was a supply of Montessori equipment such as blocks, shading slides, and bowls for polishing. The materials were easily accessible and visible to the children on low level shelves. There were comfortable armchairs for the children to relax in. There was a variety of books for the children to look at stored in a mini library beside the rest area. There was a family wall with photos of the children's parents and siblings displayed on a wall in the room.

Original artwork of daffodils and another made from the children's handprints were on display in the room.

Snack time was observed in the service. The registered provider sat with the children and was kind and engaging, encouraging them to slow down and enjoy the snacks their parents had prepared for them.

The registered provider was knowledgeable in relation to the different personalities of the children. For example, some children needed reminding to share and be considerate of the other children who were building tracks on the floor during free play.

All the children were guided in considering the needs of the other children attending the service. Minor disagreements between children were managed skilfully by the registered provider who was constantly engaged with the children in her care.

Part VI - Safety

Regulation 23 - Safeguarding health, safety and welfare of child

A registered provider shall ensure that all reasonable measures are taken to safeguard the health, safety and welfare of a pre-school child attending the service and that the environment of the service is safe.

Compliance Information

The registered provider had taken the following steps to ensure the safety of the children in her care:

General safety:

The front gate which parents used to access the service remained secure for the duration of the inspection. Hazardous cleaning products were stored out of reach on shelves which were inaccessible to the children.

Infection control:

The service was clean. There was a fridge in the preschool room to store the perishable food provided by the parents. The sinks for hand washing were equipped with warm thermostatically controlled water, liquid soap, and foot operated pedal bins. The children were encouraged to wash their hands after using the toilet and after messy play.

Non-Compliance Information

The service did not demonstrate compliance with the Early Years Inspectorate Regulatory Notice requiring services to re-new Garda vetting every 3 years for the emergency contact person. There were Garda vetting disclosures on file for the registered provider and the emergency contact person. However, the vetting disclosures for the emergency contact person was not dated within the previous 3 years in adherence to with the Early Years Inspectorate Regulatory Notice EYI-RN12.3 Renewal of Garda vetting.

Action submitted by the Registered Provider

Corrective & Preventive Action

The registered provider has submitted evidence that they have commenced the revetting process for the emergency contact person. The registered provider will forward the Garda vetting to the inspector once received.

Supporting documentation submitted

Evidence the registered provider has commenced the application to renew the Garda vetting for the emergency person was received by the inspector.
