Legislation

Tusla's Early Years Inspectorate is the independent statutory regulator of School Age Services in Ireland, and its role is to promote and monitor the safety and quality of school age care provision in accordance with the following legislation:

- The Child and Family Agency Act 2013, Part 12.
- Child Care Act 1991 (Early Years Services) (Registration of School Age Services) (Amendment) Regulations 2022.
- The Child Care Act 1991 (Early Years Services) Registration of School Age Services Regulations 2018 (S.I. 575 of 2018).

A school age service means any early years service, play group, day nursery, crèche, day-care or other similar service which:

- caters for children under the age of 15 years enrolled in a school providing primary or post-primary education,
- provides a range of activities that are developmental, educational and recreational in manner, which take place outside of school hours, the primary purpose of which is to care for children where their parents are unavailable, and
- the basis for access to which is made publicly known to the parents and guardians of the children referred to in point (a) above.

It is the responsibility of a registered provider to ensure the safety and well-being of school age children and the above legislation authorises Tusla to assess compliance with the Regulations.

Inspection Methodology:

The inspection is unannounced to assess compliance with the Child Care Act 1991 (Early Years Services) Registration of School Age Services Regulations 2018 (S.I. 575 of 2018), Child Care Act 1991 (Early Years Services) (Registration of School Age Services) (Amendment) Regulations 2022, and the Child Care Act 1991, Section 58 as amended by Part 12 of the Child and Family Agency Act, 2013.

The findings on inspection are gathered through a triangulation method, including:

- Information obtained through examination of documentation.
- Direct observation.
- Discussion with relevant staff.

This inspection aims to determine the extent to which service is appropriate for the care, safety, and wellbeing of children in accordance with the regulations cited above.

Inspection findings are documented in the School Age Services inspection report which is first issued in draft format to the service with an opportunity to respond to any findings. Where statutory requirements are identified as not being met, the registered provider must demonstrate how they have corrected the non-compliance and how they will prevent them from re occurring.

The Corrective Action and Preventive Action plan (CAPA) will be used to inform decisions about compliance with regulatory requirements. Where the registered provider fails to meet the statutory requirements, an escalation process may be commenced.

The Inspectorate reserves the right to edit CAPA responses received for reasons including clarity, completeness and compliance with administrative and legal processes.

The contents of the report are compiled by the Inspectorate body.
